# Eligibility

## Who is eligible

### Full-Time and Part-Time Colleagues

Full-time and regular part-time U.S. colleagues are eligible to participate in the benefit plans, which include:

### Aon Active Health Exchange benefits

- Medical
- Dental
- Vision
- Group life and accidental death and dismemberment (AD&D) insurance
- Identity protection
- Legal services plan
- Pet insurance
- Auto and homeowners' insurance

### Other benefits

- Health savings accounts
- Flexible spending accounts
- Commuter benefits
- Disability benefits (short-term and long-term)
- Aon Savings Plan—401(k)
- Aon Supplemental Savings Plan
- Employee Stock Purchase Plan
- Deferred Compensation Plan
- Paid time off
- Accident insurance
- Critical illness insurance
- Hospital indemnity insurance
- Expert second opinion with 2nd.MD
- Group Personal Umbrella Liability Insurance (GPU)
- Long-term care insurance

Full-time employment means that you maintain the regular 40-hour work week designated at your location. Regular part-time employment means that you work at least 20 hours per week.

Additional eligibility rules apply to the provisions of the Aon Savings Plan, Aon Supplemental Savings Plan, Employee Stock Purchase Plan, and Deferred Compensation Plan.

## Eligible dependents

Eligible dependents may also participate in our health care, life and AD&D insurance, critical illness insurance, and identity protection plans.

Eligible dependents include:

- Your spouse or domestic partner (same- or opposite-sex)
- Your eligible children under age 26
- Your eligible children of any age who became handicapped or totally disabled before age 26

## Temporary and Seasonal Colleagues

If you are hired by Aon on a temporary or seasonal basis and will work 20 or more hours per week, you will have an opportunity to enroll yourself and your eligible dependents in Aon medical, dental, vision, and critical illness insurance. If you enroll, you will pay the full cost of the coverage and be billed directly on an after-tax basis.

# Medical Coverage Level

## Which Coverage Level Is Best?

You get to choose how much coverage you need and how you want to pay for it. It's up to you! When you choose your coverage level, you get to pick the one with the features you want. If you're enrolling again, consider what changes you may be facing. Change is constant, so make sure you [do your homework](#) before sticking with what you had in the past.

Your coverage level determines how much you pay out of your paycheck (premiums). It also determines how much you pay out of your pocket when you receive care (deductibles, coinsurance, copays).

Don't let the names of the coverage levels fool you. One option isn't better than another. The coverage levels are designed to give you choices. It's up to you to find the one that makes sense for your situation.

## Medical Coverage Level Options

You have several coverage levels to choose from. Each coverage level is available from different [insurance carriers](#) at different costs.

When you enroll, you'll find plenty of tools and resources to help you choose a coverage level.

	BRONZE	BRONZE PLUS	SILVER	GOLD	PLATINUM

\*\*Preventive drugs are determined by the insurance carrier. You must have a doctor's prescription for the medication—even for products sold over the counter (OTC)—and you must use an in-network retail pharmacy or mail-order service.

These charts may not take into account how each coverage level covers any state-mandated benefits, its plan administration capabilities, or the approval from the state Department of Insurance of the benefits offered by the plan. If you have questions about a specific benefit, contact the insurance carrier for additional information. Individual carriers may offer coverage that differs slightly from the standard coverage reflected here. In the event that there is a discrepancy between this site and the official plan documents, the official plan documents will control.

These charts are a high-level listing of commonly covered benefits across carriers and coverage levels for the Aon Active Health Exchange. They are intended to provide you with a snapshot of benefits provided across coverage levels. In general, carriers have agreed to the majority of standardized plan benefits recommended by the exchange.

For a more detailed look at these and additional coverages, go to UPoint at [upoint.aon.com](http://upoint.aon.com). It does account for any carrier adjustments to standardized plan benefits. To see summaries when you enroll online, check the boxes next to the options you want to review and click **Compare**. In order to get the most comprehensive information about any specific coverage, you will need to call the carrier directly.

Note: For additional comparison, you may find Summaries of Benefits and Coverage on UPoint at [upoint.aon.com](http://upoint.aon.com).

{% if (AonClient.Settings.CaliforniaResident){%}

**California Residents:** Your options will be different, depending on the insurance carrier you choose. See [what's different](#).

{% %}%}

**Out-of-Area:** Your specific options are based on your home zip code. If you live outside the service areas of all the insurance carriers, you can choose an out-of-area option at the Silver coverage level. Aetna will be the insurance carrier. {% if (AonClient.IsSilver()) {%} (Note: The Silver option available to out-of-area individuals is different than the Silver option on this site. Refer to [{% AonClient.Settings.EnrollmentLinkName %}](#) for details.)

{%}%#%}

**Choosing a Primary Care Physician:** Certain options require you to choose a primary care physician. You must designate a primary care physician to coordinate your care if you:

- Choose Kaiser Permanente as your insurance carrier;
- Live in Northern California and choose Health Net as your insurance carrier; or
- Live in Southern California and choose Health Net as your insurance carrier and Gold II {% if (AonClient.IsPlatinum()) {%} or Platinum {%}%#%} as your coverage level.

## Do You Take Any Prescription Drugs?

This is really important! Your prescription drug coverage will be provided through your insurance carrier's pharmacy benefit manager.

While your coverage level will determine your coverage for prescription drugs, each pharmacy benefit manager has its own rules. You need to make sure you're comfortable with how the insurance carrier will cover any medications you and your covered family members need. [Get the details.](#)

## Questions?

It's easy to find answers! Check out the [Frequently Asked Questions](#) (PDF) and the [Glossary](#).

# California Medical Coverage Level

## Live In California?

Your options will be different, depending on the insurance carrier you choose.

For starters, each **insurance carrier** in California has the option to offer each coverage level either as an option that offers in- and out-of-network benefits (e.g., a PPO) or an option that offers in-network benefits only (e.g., an HMO).

Also, insurance carriers can choose to offer **either the standard Gold option or a Gold II option—not both**. The Gold II option offers **only** in-network benefits.

Review the table below to see which insurance carriers offer out-of-network benefits for the coverage levels you're considering.

	BRONZE	BRONZE PLUS	SILVER	GOLD	GOLD II	PLATINUM

While your coverage level will determine your coverage for prescription drugs, each pharmacy benefit manager has its own rules. You need to make sure you're comfortable with how the insurance carrier will cover any medications you and your covered family members need. [Get the details.](#)

## Questions?

It's easy to find answers! Check out the [Frequently Asked Questions](#) (PDF) and the [Glossary](#).

# How Deductibles Work

The deductible is what you pay out of your own pocket before your insurance begins to pay a share of your costs.

For example, let's say you break your wrist. If you have a deductible, you pay the full "negotiated" costs of all in-network services until you reach the deductible. The "negotiated" costs are the payments providers (doctors, hospitals, labs, etc.) have agreed to accept for a particular service from the [insurance carrier](#).

## It Depends On Your Medical Coverage Level

**Bronze, Gold, and Platinum have a traditional deductible.**

Once a covered family member meets the individual deductible, your insurance will begin paying benefits for that family member.

Charges for all other covered family members will continue to count toward the family deductible. Once the family deductible is met, your insurance will pay benefits for all covered family members.

The annual deductible doesn't include amounts taken out of your paycheck for health coverage.

**Bronze Plus and Silver have a "true family deductible".** This means that the entire family deductible must be met before your insurance will pay benefits for any covered family members.

There is no "individual deductible" in the Bronze Plus and Silver coverage levels when you have family coverage. So even if one person in your family has a lot of expenses, you'll have to pay for it on your own until the full family deductible is met.

The annual deductible doesn't include amounts taken out of your paycheck for health coverage.

### Do You Use Out-of-Network Providers?

Out-of-network charges will **not** count toward your in-network deductible or out-of-pocket maximum. The same goes for in-network charges—they will **not** count toward your out-of-network deductible or out-of-pocket maximum.

And some insurance carriers in CA, CO, DC, GA, MD, OR, VA, and WA do **not** cover out-of-network benefits at all.

# How Out-of-Pocket Maximums Work

The out-of-pocket maximum is the most you have to pay for covered medical services in a year. Generally, it includes any applicable deductible, copayments, and/or coinsurance.

Here's how the out-of-pocket maximum works if you have family coverage:

## It Depends On Your Medical Coverage Level

**Bronze, Gold, and Platinum have a traditional out-of-pocket-maximum.**

Once a covered family member meets the individual out-of-pocket maximum, your insurance will pay the full cost of covered charges for that family member.

Charges for all covered family members will continue to count toward the family out-of-pocket maximum. Once the family out-of-pocket maximum is met, your insurance will pay the full cost of covered charges for all covered family members.

It doesn't include amounts taken out of your paycheck for health coverage. Also, if you choose coverage under Kaiser Permanente, copays for certain medical benefits may not apply towards the annual out-of-pocket maximum under the Gold and Platinum options.

**Bronze Plus and Silver have a "true family out-of-pocket-maximum".** This means that the entire family out-of-pocket maximum must be met before your insurance will pay the full cost of covered charges for any covered family member.

There is no "individual out-of-pocket maximum" in the Bronze Plus and Silver coverage levels when you have family coverage.

The annual out-of-pocket maximum doesn't include amounts taken out of your paycheck for health coverage.

### Do You Use Out-of-Network Providers?

Out-of-network charges will **not** count toward your in-network deductible or out-of-pocket maximum. The same goes for in-network charges—they will **not** count toward your out-of-network deductible or out-of-pocket maximum.

And some insurance carriers in CA, CO, DC, GA, MD, OR, VA, and WA do not cover out-of-network benefits at all.

# Medical Price

When you make a purchase, you decide how you want to pay. Would you rather pay cash now, or use credit and pay later?

It's the same idea with the exchange. You get to decide if you'd rather [pay now or pay later](#).

How much you pay out of your paycheck is one thing. You also have to consider what you'll pay throughout the year when you need care.

How much you'll pay for medical coverage depends on:

## The Amount Of Your Credit From Aon

All eligible colleagues will receive a credit to use toward the cost of coverage.

You'll see the credit amount from Aon and your price options for coverage when you [enroll](#).

## The Coverage Level You Choose

The Bronze, Bronze Plus, and Silver coverage levels cost less per paycheck, but you will pay a higher deductible before your coverage kicks in.

The Gold and Platinum coverage levels cost more per paycheck but you'll probably pay less out of pocket for services throughout the year.

[Learn more about coverage levels.](#)

## The Insurance Carrier You Choose

You can see which insurance carrier offers the lowest paycheck amount for each coverage level. For example, if you know you want a Silver option, you can look to see how much each insurance carrier would charge you for it. [Learn more about insurance carriers.](#)

**Important:** Choose an insurance carrier whose network includes providers critical to your care. If you see an out-of-network provider, your medical insurance carrier could pay a much lower benefit—leaving you to pay the rest.

## Your Dependents

You can enroll any combination of you, your [eligible](#) spouse/domestic partner, and your children in the option you choose.

# Pay Now or Later?

It's a trade-off. It's up to you to choose which option gives you the best deal on your total health care costs.

Would you rather pay **less** now and **more** when you need care? Or pay **more** now and **less** when you need care?

## Pay Less *Now*

The Bronze, Bronze Plus, and Silver coverage levels cost less per paycheck, but your deductible is higher. That means you'll pay more out of your pocket when you need care.

Make sure you know [how the deductible works](#). Also, make sure the deductible amount is something you could afford in the event you need a lot of health care.

**TIP:** You can save money by enrolling in an [HSA](#) when you enroll in a Bronze, Bronze Plus, or Silver coverage level.

## Pay Less *Later*

The Gold and Platinum coverage levels cost more per paycheck, but your deductible is lower. If you don't expect to have a lot of health care needs, you could be spending money for benefits you don't use.

# How to Get the Right Medical Option

Don't wait. [Get ready](#) now so when it's time to enroll, you'll have answers to the following questions.

## Which Providers Are In The Carrier's Network?

### Why It Matters

Seeing out-of-network providers will cost you more—sometimes a lot more. For example, you will have to pay more through a higher deductible and higher coinsurance. You'll also have to pay the entire amount of the out-of-network provider's charge that exceeds the maximum allowed amount.

### What to Do

Choose an insurance carrier whose network includes providers (e.g., doctors, specialists, hospitals) critical to your care.

Do **not** rely on your provider's office to know the carriers' network(s). To search for providers:

- Check out the insurance carrier preview sites.
- When you enroll, check the networks of each insurance carrier you're considering on UPoint at [upoint.aon.com](https://upoint.aon.com). For the best results, search for your provider by name—not medical practice—and only the office location where you will visit the provider.

**Important!** Do **not** rely on your provider's office to know the carriers' network(s). If you have any uncertainty or, for instance, you will cover out-of-area dependents, you need to call the insurance carrier to confirm whether a provider participates in a [carrier's network](#).

Even if you can keep your current insurance carrier, the provider network could be different and can change, so always check the provider networks before making a decision.

## How Will My Prescription Drugs Be Covered?

### Why It Matters

Each medical insurance carrier's pharmacy benefit manager has its own rules about how prescription drugs are covered. To avoid potentially costly surprises, you need to do your homework.

### What to Do

If you or a covered family member regularly takes medication, make sure you're comfortable with the carrier's coverage for drugs you and your covered family members need:

- Call the medical insurance carrier before you enroll. Get a list of [prescription drug questions](#) to ask the insurance carriers.
- If you're currently taking a more expensive brand name prescription drug, ask your doctor (or pharmacist) if a generic is available to you.
- When it's time to enroll, you can use the prescription drug search tool to look up your medication, see how it will be classified (Tier 1, Tier 2, Tier 3), and more.

## Which Medical Coverage Level Is Best For Me?

### Why It Matters

You want to get the right amount of coverage for your needs at the best price. Get help choosing the right level of coverage.

### What to Do

If you need help deciding, there are tools to help you:

- Get an overview of your medical [coverage levels](#).
- See which coverage level could be [best for you](#) with the Help Me Choose tool. By answering a few questions about your preferences when you enroll, you can see which option could be a good fit for you and your family.
- Compare your options side by side when you enroll on UPoint at [upoint.aon.com](#). Just check the boxes next to medical options you want to review and click **Compare**. You can quickly see which options cost more out of your paycheck and which options cost more when you get care. (You may also find Summaries of Benefits and Coverage for comparison on UPoint at [upoint.aon.com](#).)

## Which Medical Insurance Carrier Is Best For Me?

### Why It Matters

All insurance carriers are different. Each carrier will offer its own price for each coverage level, and you'll be able to see all of the prices in one place on UPoint at [upoint.aon.com](#). (Note: The benefits provided under a coverage level will be very similar across carriers, but there could be some differences.)

### What to Do

If you need help deciding:

- See how other people rate their health carriers on UPoint at [upoint.aon.com](#) anytime.
- Compare the details, when you enroll online, by checking the boxes next to medical options you want to review and clicking **Compare**. That makes it easy to see which carrier is offering you the best deal. (You may also find Summaries of Benefits and Coverage for comparison on UPoint at [upoint.aon.com](#).)
- Browse the carrier preview sites to learn about programs, tools, and other considerations that could influence your decision.

Ready to enroll? [Find out how.](#)

# HSA Basics

An HSA—or Health Savings Account—is a special bank account that you can use when you enroll in a Bronze, Bronze Plus, or Silver coverage level. If you also have coverage under a second medical plan, it must also be a high-deductible option for you to use an HSA.

It's a great way to save for the future. Just set aside a few dollars from each paycheck now, and then you'll have funds to help cover health care expenses that come up. Plus, it's tax-free, so you're actually getting a better deal.

You can decide if you want to enroll in an HSA when you enroll for benefits. That's a great time to [decide how much to save](#).

You can change the amount you save at any time throughout the year.

## Why Consider An HSA?

You'll be responsible for 100% of your medical and prescription drug expenses until you meet your deductible in the Bronze, Bronze Plus, or Silver coverage level. An HSA is a great way to pay less for those out-of-pocket expenses because you're using tax-free money.

Let's say you injure your knee playing basketball. With a high deductible, you might worry about how you're going to afford the medical bills.

Now imagine if you had already set aside money for expenses like these. That's where an HSA comes in handy! You could already have the money you need saved up.

An HSA allows you to set aside tax-free money to pay for qualified health care expenses. This includes your medical, dental, and vision copays, deductibles, and coinsurance.

If you want, you can elect to contribute after-tax dollars to your HSA through the bank. Your before-tax and after-tax contributions apply to the same annual limit.

## It's Tax-Free—And Yours To Keep!

While no one likes taking money out of their paycheck, there are a number of advantages to setting aside a little money in an HSA.

**It's tax-free when it goes in.** You can put money into your HSA on a before-tax basis through convenient payroll contributions. You'll save money on qualified health care expenses and lower your taxable income.

**It's tax-free as it grows.** You earn tax-free interest on your money.

**It's tax-free when you spend it.** When you spend your HSA on qualified health care expenses, you don't pay any taxes. That means you're saving money on your qualified medical, dental, and vision expenses.

**It's always your money.** You can carry over your unused HSA balance from year to year. Just like a bank account, you own your HSA, so it's yours to keep and use even if you change medical options, leave the company, or retire.

**Important!** Make sure you use money in your HSA only for qualified health care expenses. Otherwise, you'll pay income taxes on that distribution. You'll also pay an additional 20% penalty tax if you're under age 65.

Wondering what the difference is between an HSA and a Health Care Flexible Spending Account (FSA)? [Find out.](#)

## Questions?

[Get Answers](#) to your questions, including eligibility rules and what happens if you already have an HSA or FSA.

If you enroll in a Bronze, Bronze Plus, or Silver coverage level, learn how the HSA works in the [HSA User's Guide](#) (PDF).

# HSA vs FSA

Wondering how an HSA is different from a Health Care Flexible Spending account (FSA)? Here's how:

	HEALTH SAVINGS ACCOUNT	FLEXIBLE SPENDING ACCOUNT
<b>When to Use</b>	You can use the HSA to pay for eligible medical, dental, and vision expenses under the Bronze, Bronze Plus, or Silver coverage levels.	You can use the Health Care FSA to pay for eligible medical, dental, and vision expenses under any coverage level.
<b>Contributions</b>	You can contribute to your account before taxes. For 2021, the annual limits set by the IRS are \$3,600 for individual coverage, and \$7,200 for family coverage. If you're age 55 or older (or will turn age 55 during the plan year), you can also contribute an additional \$1,000 catch-up contribution.	You can contribute to your account before taxes, up to the \$2,750 annual limit.
<b>Rollovers</b>	Unused dollars roll over from year to year. The funds are always yours to keep, even if you leave the company or retire.	You can only roll over up to \$500 from year to year.
<b>Earning Interest</b>	The money in your HSA earns interest.	The money in your FSA does <b>not</b> earn interest.
<b>Debit Cards</b>	Yes, a debit card is available.	Yes, a debit card is available.
<b>Investment Option</b>	You can open an investment account when your balance reaches \$1,000.	You cannot invest your FSA balance.

## Which Account Should I Use

If you enroll in the Bronze, Bronze Plus, or Silver coverage level, you can use an HSA, a Health Care FSA, or both an HSA and Health Care FSA. If you contribute to an:

- **HSA or** Health Care FSA, you can use your account to pay for qualified medical, dental, and vision expenses.
- **HSA and** Health Care FSA, your Health Care FSA will be "limited use" and can only be used to pay for qualified dental and vision expenses. However, once you meet the medical plan deductible, then it can be used toward qualified medical expenses as well. Your HSA can be used for qualified medical, dental, and vision expenses.

If you enroll in the Gold or Platinum coverage level, you can use the Health Care FSA to pay for qualified medical, dental, and vision expenses.

# How Much to Save?

You decide how much money you want to save in your HSA, and you can change it at any time. It's a smart idea to save enough to cover your annual deductible.

For 2021, you can save up to \$3,600 if you're covering just yourself, or \$7,200 if you're covering yourself and your family. If you're age 55 or older (or will turn age 55 during the plan year), you can also make additional "catch-up" contributions to your HSA up to \$1,000.

And if you don't need that much health care, your money stays in your account and earns tax-free interest. It's a great way to save for future expenses.

**Note:** If you want to, you can elect to contribute after-tax dollars to your HSA through the bank. Your before-tax and after-tax contributions apply to the same annual limit.

# Prescription Drugs

This is a really big deal! Your prescription drug coverage will be provided through your insurance carrier's pharmacy benefit manager.

That means your prescription drug coverage depends on the medical coverage level you choose **and** your medical [insurance carrier](#).

## Your Coverage Level Matters

You pay nothing for preventive drugs, as determined by your insurance carrier. You need a doctor's prescription, and you must use an in-network retail pharmacy or mail-order service.

### **Bronze, Bronze Plus, or Silver**

You pay the full cost for prescription drugs until you reach the annual medical deductible. Then you pay coinsurance. Once you reach the out-of-pocket maximum, you pay nothing.

### **Gold or Platinum**

You pay a copay for all prescription drugs. Once you reach the out-of-pocket maximum, you pay nothing.

Your specific prescription coverage is based on the medical coverage level you select. [Get the details](#).

## Your Carrier Matters

Each pharmacy benefit manager has its own rules about how prescription drugs are covered. So you need to do your homework to find out how your medications will be covered—**before** choosing an insurance carrier.

Get a list of [prescription drug questions](#) to ask the insurance carriers.

# Prescription Drug Questions

Do you or a family member take medications? This could be a big deal for you!

Your prescription drug coverage will be provided through your [insurance carrier](#)'s pharmacy benefit manager. Your prescription drug coverage depends on the [medical coverage level](#) you choose.

However, each pharmacy benefit manager has its own rules about how prescription drugs are covered. So **you need to do your homework** to find out how your medications will be covered—**before** you choose an insurance carrier.

## What To Ask

Here's a list of questions to ask each carrier you're considering.

**Tip:** You can also print out the [Prescription Drug Transition Worksheet](#) (PDF) and use it to take notes.

### Is my drug on the formulary?

A formulary is a list of generic and brand name drugs that are approved by the Food and Drug Administration (FDA) and are covered under your prescription drug plan. If your drug isn't listed on the formulary, you'll pay more for it.

### How much will my drug cost?

It depends on how your medication is classified by your insurance carrier—Tier 1, Tier 2, or Tier 3. Typically, the higher the tier, the more you'll pay.

While generics typically cost less than brand name drugs, insurance carriers can classify higher-cost generics as Tier 2 or Tier 3 drugs. This means you'll pay the Tier 2 or Tier 3 price for certain generic drugs. You can find this information on the carrier preview sites. Or you can use the prescription drug search tool when you enroll.

### Will I have to pay a penalty if I choose a brand name drug?

Because many brand name drugs are so expensive, some medical insurance carriers will require you to pay the copay or coinsurance of a higher tier—**plus** the cost difference between brand and generic drugs—if you choose a brand when a generic is available.

### Is my drug considered “preventive” (covered 100%)?

The Affordable Care Act requires that certain preventive care drugs are covered at 100% when you fill them in-network. But each insurance carrier determines which drugs it considers “preventive.” If a drug isn't on the preventive drug list, you'll have to pay your portion of the cost.

### Will my doctor have to provide more information before my prescription drug can be approved?

Many insurance carriers require approval of certain medications before covering them. This may apply for costly medications that aren't considered medically necessary.

### Will I have a step therapy program?

If this applies to one of your medications, you'll need to try using the most cost-effective version first—usually the generic. A more expensive version will be covered only if the first drug isn't effective in treating your condition.

### Are there any quantity limits for my medication?

Certain drugs have quantity limits—for example, a 30-day supply—to reduce costs and encourage proper use.

#### How do I take advantage of mail-order service?

You'll likely need a new 90-day prescription from your doctor. Mail order can take a few weeks to establish. So it's a good idea to ask your doctor for a 30-day prescription to fill at a retail pharmacy in the meantime.

## We'll Help You Through The Transition

After you enroll, check out things to know [before your benefits start](#).

# Medicare Basics

Medicare is a federal medical insurance program, which includes Original Medicare. Original Medicare is a low-cost government insurance program that guarantees access to health insurance for Americans age 65 and older and younger people with certain medical disabilities. It pays for many health care expenses, but not all.

## How It Works

Medicare covers its share of an approved amount and you pay the rest through deductibles and coinsurance. Original Medicare is made up of two parts:

- **Part A is hospital insurance.** It covers inpatient hospital care, skilled nursing facilities, hospice, lab tests, surgery, and home health care.
- **Part B is medical insurance.** It covers things like clinical research, ambulance services, durable medical equipment, mental health services, limited outpatient prescription drugs, and more.

You are automatically eligible for Medicare Parts A and B when you become Medicare-eligible. If you are receiving Social Security benefits, you may be enrolled in Medicare automatically.

If you have to sign up to get coverage, you can enroll starting three months before the month you turn age 65. The deadline to enroll is three months after the month you turn age 65. (Note: You can wait to enroll in Part B; however, you may have to pay a late enrollment penalty. However, in general, you can wait to enroll in Medicare Part B without facing a late enrollment penalty until your active employment ends or the date your coverage under your employer's plan ends, whichever occurs first. Consult your Medicare advisor for more details.)

**Part D is optional prescription drug coverage.** You can enroll in Part D if you want coverage to help pay for your prescription drug costs.

## How Medicare Works With Company Coverage

If you are actively employed, your company's health plan will be your primary medical coverage, and, if you choose to enroll in Medicare, Medicare will be your secondary coverage. Please note, once you are enrolled in any part of Medicare (Parts A or B), you can no longer make contributions to an HSA, even if you are also covered by an HSA-eligible medical plan.

If you are retired and have coverage through your previous employer, Medicare will be your primary medical coverage, and your company's health plan will be your secondary coverage.

As you prepare to transition to Medicare, you will want to understand if your dependents under age 65 will be eligible for coverage under your company's health plan. To understand your options, contact Aon HR Service Center at 1.855.625.5500 from 8:00 a.m. - 4:30 p.m. CT, Monday through Friday.

## How Medicare Works With COBRA

If you are eligible for Medicare Parts A and B but you choose to not enroll in Medicare Parts A and B, you may face potentially significant out-of-pocket expenses. COBRA coverage pays secondary to Medicare Parts A and B. Therefore, the plan will pay as if Medicare has already made a payment, even if the Medicare-eligible individual did not actually enroll in Medicare.

If your Medicare benefits (Parts A or B) become effective on or before the day you elect COBRA coverage, you can have COBRA and Medicare coverage. This is true even if your Part A benefits begin before you elect COBRA coverage but you don't sign up for Part B until later.

If you become entitled to Medicare after you've signed up for COBRA coverage, your COBRA coverage may be terminated by your plan as of the day you enroll in Medicare. (But if COBRA covers your spouse and/or dependent children, their coverage may continue.)

## To Learn More

Start [here](#) (PDF) to better understand Medicare, your options, impacts to your current coverage, and more. Below are resources where you can find additional information and help:

- Visit the [Social Security website](#) or call **1.800.772.1213** (TTY **1.800.325.0778**) between 8:00 a.m. and 7:00 p.m. Monday through Friday
- Review the [Medicare & You](#) handbook from the Centers for Medicare & Medicaid Services

# Accident Insurance

Accidents can slam your wallet too.

Even with medical coverage, your costs related to an accident can be hefty. Depending on the injury, you may be faced with copays, deductibles, hospital charges, transportation fees, and lodging expenses.

Accident insurance pays a benefit in the event you or a family member covered under this plan is in an accident. Accident insurance is not a replacement for medical coverage. **And, unlike AD&D coverage, accident insurance does not require death or serious injury for you to be eligible for a benefit.**

To learn more, go to Aon Benefits Link at [aonbenefits.com/link](https://aonbenefits.com/link) > Voluntary Benefits > Accident Insurance.

## Things To Consider

When deciding whether to enroll in accident insurance, be sure to consider the following:

### Cost per Paycheck

The cost of coverage is based on who you cover. You'll be able to see the cost per paycheck when you enroll through UPoint at [upoint.aon.com](https://upoint.aon.com).

### Your and Your Family's Needs

Does your family lead an active lifestyle? Have you or an eligible family member suffered financial loss resulting from an accident? If you answered "yes" to either question, having accident insurance could give you peace of mind.

### Other Coverage

Consider how accident insurance could fit in with other coverage for which you might enroll.

# Critical Illness Insurance

When illness strikes, you can strike back. If you have a serious health condition, critical illness coverage can help lighten the load.

Even with medical insurance, a serious health condition could cost you. Critical illness insurance can provide you with extra cash when you need it most—if you or a family member covered under this plan is treated for a major medical event (such as a heart attack or stroke) or diagnosed with a critical illness (such as cancer or end-stage renal disease).

To learn more, go to Aon Benefits Link at [aonbenefits.com/link](https://aonbenefits.com/link) > Voluntary Benefits > Critical Illness.

## Choose Your Coverage Level

Aon will automatically provide you with \$3,000 of critical illness insurance per covered person at no cost to you if you participate in either the Bronze, Bronze Plus, or Silver medical option. You may purchase additional critical illness insurance up to \$20,000 for yourself and each of your eligible dependents. Certain limits apply.

New for 2021, under Infectious Diseases, COVID-19 is covered as follows: 100% coverage in the \$3,000 benefit Employer Paid Plan and 25% coverage in the choice \$10,000/\$15,000/\$20,000 benefit Employee Paid Plan.

## Things To Consider

When deciding whether to enroll in critical illness insurance, be sure to consider the following:

### **Cost per Paycheck**

You'll be able to see the cost per paycheck for all your options when you enroll through UPoint.

### **Your and Your Family's Needs**

Does a serious health condition run in your family? Would you need financial help to offset the cost of a serious health situation? If you answered "yes" to either question, having critical illness insurance could give you peace of mind.

# Expert Second Opinion with 2nd.MD

When dealing with illness, injury, or chronic pain, 2nd.MD makes it easy to get a virtual second opinion from nationally-recognized doctors. Aon is offering colleagues and family members covered under an exchange medical option the opportunity to connect with board-certified doctors via phone or video.

By calling 2nd.MD, you can get an expert second opinion—within days—when you or a covered family member has questions like:

- Do I have the correct diagnosis?
- Am I on the best treatment plan?
- Am I taking the right medications?
- Is this surgery or procedure the best option for me?
- Am I on the right path to pain relief? 2nd.MD can help. [Learn more](#)

You don't need a referral for an expert second opinion! To get started, simply visit <https://www.2nd.MD/Aon> or call 1.866.887.0712. Let 2nd.MD do the hard work for you, so you can focus on getting the best care possible.

## Paying For Coverage

Expert second opinion with 2nd.MD is a confidential and free service to colleagues and family members covered under an exchange medical option.

## Things To Consider

### Peace of Mind

2nd.MD doctors are highly sought-after doctors—at the top of their fields—and come from leading medical institutions. You'll receive clarity, information, and peace of mind.

### It's Risk-Free

If you have medical questions or uncertainty, you can get an expert opinion from the comfort of your home. Plus, it's free to use.

### Specialized Expertise

2nd.MD experts are industry leaders across hundreds of specialties and thousands of conditions, including heart disease and stroke; cancer; knee, hip, and ankle surgery; digestive issues; immunological disorders; mental health issues; and more.

# Dental Coverage Level

## Which Coverage Level Is Best?

You get to choose how much coverage you need and how you want to pay for it. It's up to you! When you choose your coverage level, you get to pick the one with the features you want.

Your coverage level determines how much you pay out of your paycheck (premiums). It also determines how much you pay out of your pocket when you receive care (deductibles, coinsurance, copays). Make sure to take your **total** costs into consideration when choosing a coverage level.

Don't let the names of the coverage levels fool you. One option isn't better than another. The coverage levels are designed to give you choices. It's up to you to find the one that makes sense for your situation.

## Dental Coverage Level Options

	BRONZE	SILVER	GOLD	PLATINUM <sup>2</sup>
<b>Annual Deductible and Plan Limits</b>				
<b>Annual deductible (individual / family)</b>	\$100 / \$300	\$100 / \$300	\$50 / \$150	None
<b>Annual maximum (excludes orthodontia)</b>	\$1,000 per person	\$1,500 per person	\$2,500 per person	None
<b>Orthodontia lifetime maximum<sup>1</sup></b>	Not covered	\$1,500 per child	\$2,000 per person	Varies by insurance carrier
<b>In-Network Benefits</b>				
<b>Preventive care</b>	100% covered, no deductible	100% covered, no deductible	100% covered, no deductible	Varies by insurance carrier; generally covered 100%
<b>Minor restorative care (e.g., root canal treatment, gum disease treatment, and oral surgery)</b>	You pay 20% after deductible	You pay 20% after deductible	You pay 20% after deductible	Varies by insurance carrier
<b>Major restorative care (e.g., implants, dentures)</b>	Not covered	You pay 40% after deductible	You pay 20% after deductible	Varies by insurance carrier

**Orthodontia**

Not covered

You pay 50%, no deductible; children up to age 19 only

You pay 50%, no deductible; for children and adults

Varies by insurance carrier

<sup>1</sup>If you switch insurance carriers, any orthodontic expenses you've already incurred under your current carrier will count toward your new carrier's orthodontia lifetime maximum.

<sup>2</sup>Not available in some limited areas. Only the coverage levels for which you are eligible will show as options when you enroll.

These charts may not take into account how each coverage level covers any state-mandated benefits, its plan administration capabilities, or the approval from the state Department of Insurance of the benefits offered by the plan. If you have questions about a specific benefit, contact the insurance carrier for additional information. Individual carriers may offer coverage that differs slightly from the standard coverage reflected here. In the event that there is a discrepancy between this site and the official plan documents, the official plan documents will control.

These charts are a high-level listing of commonly covered benefits across carriers and coverage levels for the Aon Active Health Exchange. They are intended to provide you with a snapshot of benefits provided across coverage levels. In general, carriers have agreed to the majority of standardized plan benefits recommended by the exchange.

For a more detailed look at these and additional coverages, go to UPoint at [upoint.aon.com](http://upoint.aon.com). It does account for any carrier adjustments to standardized plan benefits. To see summaries when you enroll online, check the boxes next to the options you want to review and click **Compare**. In order to get the most comprehensive information about any specific coverage, you will need to call the carrier directly.

Note: For additional comparison, you may find Summaries of Benefits and Coverage on UPoint at [upoint.aon.com](http://upoint.aon.com).

**Considering Platinum?** It may cost less than some of the other options, but you **must** designate a primary care dentist who participates in the insurance carrier's Platinum network (where available by carrier) and get care from your primary care dentist. The network could be considerably smaller, so be sure to check the availability of local in-network dentists before you enroll. If you don't designate a primary care dentist when you enroll, one may be assigned to you. To change your primary care dentist, you will need to contact the insurance carrier directly. If you enroll in a Platinum option and don't use a network dentist, you'll pay for the full cost of services.

**Considering Delta Dental?** With most carriers, knowing that your dentist is in the network is a simple way to get the best deal when you need care. If you're considering Delta Dental, you need to take it one step further to get the same deal.

- If you choose a Bronze, Silver, or Gold option, there are actually two Delta Dental networks—PPO and Premier. Although the benefits are the same for both, you may have to pay more if your dentist is only a part of the Premier network. You can save more by seeing a Delta Dental dentist who participates in both the PPO and Premier networks, or by using any in-network dentist if you choose another insurance carrier on the exchange.
- If you choose a Platinum option, the Delta Dental network goes by the name of "DeltaCare." So you need to make sure your dentist is in the DeltaCare network—not just the Delta Dental network. Or get the same deal by using any in-network dentist if you choose another insurance carrier on the exchange.

# Dental Price

Find the right balance between what you pay out of your paycheck and what you pay when you get care.

When you make a purchase, you decide how you want to pay. Would you rather pay cash now or use credit and pay later? It's the same idea with the exchange.

Just like your medical coverage, your dental coverage costs will depend on a few factors:

## The Amount Of Your Credit From Aon

All eligible colleagues will receive a credit to use toward the cost of coverage.

You'll see the credit amount from Aon and your price options for coverage when you [enroll](#).

## The Coverage Level You Choose

### Bronze

The Bronze coverage level generally costs less per paycheck. That's because some services aren't covered and because it has the lowest benefit maximum.

### Silver

The Silver coverage level is moderately priced since most services are covered. However, the benefit maximum is lower.

### Gold

The Gold coverage level costs more per paycheck since most services are covered. The benefit maximum is also higher.

### Platinum

The Platinum coverage level generally costs less. It provides comprehensive coverage for in-network care only.

## The Insurance Carrier You Choose

Certain insurance carriers may be able to provide a more competitive price per paycheck.

## Your Dependents

You can enroll any combination of you, your [eligible](#) spouse/domestic partner, and your children in the option you choose.

# Vision Coverage Level

## Which Coverage Level Is Best?

You get to choose how much coverage you need and how you want to pay for it. It's up to you! When you choose your coverage level, you get to pick the one with the features you want.

Your coverage level determines how much you pay out of your paycheck (premiums). It also determines how much you pay out of your pocket when you receive care. Make sure to take your **total** costs into consideration when choosing a coverage level.

Don't let the names of the coverage levels fool you. One option isn't better than another. The coverage levels are designed to give you choices. It's up to you to find the one that makes sense for your situation.

## Vision Coverage Level Options

	BRONZE	SILVER	GOLD
<b>In-Network Benefits</b>			
<b>Routine vision exam (once per plan year)</b>	Covered 100%	You pay \$20	You pay \$10
<b>Frames (once per plan year)</b>	Discount may apply	\$130 allowance <sup>1</sup>	\$200 allowance <sup>1</sup>
<b>Lenses (once per plan year; premium lenses may cost more)</b>			
<b>Single vision</b>	Discount may apply	You pay \$20	You pay \$10
<b>Bifocal</b>	Discount may apply	You pay \$20	You pay \$10

<b>Standard polycarbonate (children)</b>	Discount may apply	You pay nothing	You pay nothing
<b>Other add-ons</b>	Discount may apply	Discount only	Discount only

#### Contact Lenses

<b>Medically necessary</b>	Not covered	You pay \$20	You pay \$10
<b>Elective</b>	Not covered	\$130 allowance <sup>1</sup>	\$200 allowance <sup>1</sup>
<b>Fit and evaluation</b>	Discount may apply	You pay \$20	You pay \$10

#### Laser Surgery

<b>Elective</b>	15% off regular price or 5% off promotional price	15% off regular price or 5% off promotional price	15% off regular price or 5% off promotional price
-----------------	---	---	---

<sup>1</sup>Allowance can be used for frames or elective contact lenses, but not both.

<sup>2</sup>Vision benefits are for standard progressives. Enhanced progressives may cost more and will vary by insurance carrier.

These charts may not take into account how each coverage level covers any state-mandated benefits, its plan administration capabilities, or the approval from the state Department of Insurance of the benefits offered by the plan. If you have questions about a specific benefit, contact the insurance carrier for additional information. Individual carriers may offer coverage that differs slightly from the standard coverage reflected here. In the event that there is a discrepancy between this site and the official plan documents, the official plan documents will control.

These charts are a high-level listing of commonly covered benefits across carriers and coverage levels for the Aon Active Health Exchange. They are intended to provide you with a snapshot of benefits provided across coverage levels. In general, carriers have agreed to the majority of standardized plan benefits recommended by the exchange.

For a more detailed look at these and additional coverages, go to UPoint at [upoint.aon.com](https://upoint.aon.com). It does account for any carrier adjustments to standardized plan benefits. To see summaries when you enroll online, check the boxes next to the options you want to review and click **Compare**. In order to get the most comprehensive information about any specific coverage, you will need to call the carrier directly.

Note: For additional comparison, you may find Summaries of Benefits and Coverage on UPoint at [upoint.aon.com](https://upoint.aon.com).

# Vision Price

Find the right balance between what you pay out of your paycheck and what you pay when you get care.

When you make a purchase, you decide how you want to pay. Would you rather pay cash now or use credit and pay later? It's the same idea with the exchange.

Just like your medical coverage, your vision coverage costs will depend on a few factors:

## The Coverage Level You Choose

The Bronze option will generally be less expensive per paycheck. That's because it covers only exams with some in-network discounts available. The Silver and Gold options will cost more per paycheck and provide coverage for exams as well as frames and lenses.

## The Insurance Carrier You Choose

Certain insurance carriers may be able to provide a more competitive price per paycheck.

## Your Dependents

You can enroll any combination of you, your [eligible](#) spouse/domestic partner, and your children in the option you choose.

# Flexible Spending Accounts (FSAs)

## Health Care FSA

A Health Care FSA allows you to set aside dollars from your pay on a pre-tax basis to reimburse yourself for qualified medical, dental, and vision expenses.

The Health Care FSA contribution limit is \$2,750 for 2021. Once you enroll and set your annual contribution, you cannot change that amount during the year (except in the case of certain qualified life events).

With an FSA, you can only roll over up to \$500 from year to year, so it's important that you carefully estimate your anticipated eligible expenses for the coming year.

Wondering what the difference is between a Health Savings Account (HSA) and Health Care FSA? [Find out.](#)

## Dependent Care FSA

A Dependent Care FSA may be used to reimburse yourself for qualified child and dependent care expenses. You may use this account without being enrolled in medical coverage.

The Dependent Care FSA contribution limit is \$5,000 (or \$2,500 if you are married and filing taxes separately) for 2021. Once you set your annual contribution when you enroll, you cannot change that amount during the year (except in the case of certain qualified life events).

And, with an FSA, you lose any unused money at the end of the year, so it's important that you carefully estimate your anticipated eligible expenses for the coming year.

## Things To Consider

When deciding whether to enroll in FSAs, be sure to consider the following:

### **Tax savings**

Do you have moderate to high health care or dependent care expenses? If so, an FSA could help reduce how much you pay in taxes.

### **Your expected expenses**

Because you lose any unused FSA money at the end of the year, you need to carefully estimate your anticipated eligible expenses for the coming year. You should only set aside FSA dollars for eligible expenses you know to expect.

# Life Insurance

Protect your loved ones. Choose the amount of life insurance coverage that's right for you and your family.

Life insurance protects your family financially in the event of a death. Aon automatically provides basic life insurance for you free of charge.\* And, if you decide your family needs more protection, you can buy supplemental coverage for yourself and dependents.

Life insurance is administered by The Hartford\*\*.

\* Federal tax law requires you to pay taxes on the cost of basic life insurance coverage over \$50,000. This is called "imputed income" and will be added to your gross taxable income. It will be included on your paychecks and on your Form W-2 each year. The amount of imputed income is based on your age and coverage amount.

\*\* If you earn an annual base salary of \$150,000 or more, you are eligible for both basic and supplemental executive life insurance benefits offered through MetLife, rather than the coverage described below. If you are eligible for this coverage, you can find additional details, make elections, and review your beneficiary designation for any needed updates on MetLife's MyBenefits accessible through UPoint.

## Choose Your Beneficiaries

Your family depends on you for all kinds of things—including your pay. Make sure to choose the people and/or estate that should receive your life insurance benefit if you die. It is important that you make your beneficiary elections on UPoint.

First, gather the Social Security numbers and birth dates for each beneficiary. Then, when you're enrolling in life insurance through UPoint, you'll be prompted to designate your beneficiaries.

You can change beneficiaries at any time. If you die and have no beneficiaries on file, the benefit may—or may not—eventually reach the individual(s) you would prefer. The result could be a significant delay in payment during an already challenging time for your loved ones.

## Things To Consider

When deciding whether to enroll in supplemental and dependent life insurance coverage, be sure to consider the following:

### Cost per Paycheck

The cost of supplemental and dependent life insurance coverage is based on your and your spouse's/domestic partner age and level of coverage. You'll be able to see the cost per paycheck for your options when you enroll through UPoint.

### Your Family's Needs

Remember that life insurance is intended to help protect your family financially if a covered family member dies. Would you have enough money to pay funeral expenses? Would you need to replace an income?

Every situation is different, so consider your family situation carefully.

### EOI Requirements

If you are currently enrolled in Supplemental Group Term Life Insurance through The Hartford at a level of one times or two times salary, you have the option to increase your coverage level by one multiple during annual enrollment without providing evidence of insurability (EOI), which is proof that you are in good health. In order to buy other levels of supplemental and dependent life insurance coverage, or if you did not elect coverage when you first became eligible, EOI will be required.

If EOI is required, you will get instructions on how to access the form as you complete your enrollment online. Please fill out the form and submit it promptly. Full coverage won't take effect until the carrier approves your coverage.

If you don't submit the EOI form or it doesn't get approved, your coverage (and paycheck contributions) will reflect the highest level of coverage that doesn't require EOI.

# AD&D Insurance

Accidents happen. It's a fact of life. But you can soften the financial impact of an accidental death or injury.

Accidental death and dismemberment (AD&D) benefits protect your family financially in the event of a tragic accident. Aon automatically provides basic AD&D coverage for you free of charge. And, if you decide your family needs more protection, you can buy supplemental and dependent AD&D coverage.

AD&D is administered by The Hartford.

## Choose Your Beneficiaries

Your family depends on you for all kinds of things—including your pay. Make sure to choose the people and/or estate who receive your AD&D coverage benefit if you die as the result of an accident. It is important that you make your beneficiary elections on UPoint.

First, gather the Social Security numbers and birth dates for each beneficiary. Then, when you're enrolling in AD&D coverage through the UPoint, you'll be prompted to designate your beneficiaries.

You can change beneficiaries at any time. But if you die and have no beneficiaries on file, the benefit may—or may not—eventually reach the individual(s) you would prefer. The result could be a significant delay in payment during an already challenging time for your loved ones.

**Note:** You are the beneficiary if you're seriously injured as the result of an accident. The benefit paid is based on a percentage of your AD&D coverage amount, depending on your type of loss.

## Things To Consider

When deciding whether to enroll in supplemental and dependent AD&D coverage, be sure to consider the following:

### Cost per Paycheck

The cost of supplemental and dependent AD&D coverage is based on the level of coverage you elect. You'll be able to see the cost per paycheck for your options when you enroll.

### Your Life Insurance Election(s)

Remember that AD&D coverage is intended to help protect your family financially if you or a covered family member dies or suffers a serious injury resulting from an accident. **Because AD&D coverage pays a benefit only in the event of an accident, it is not a substitute for life insurance.**

# Legal Services

You don't want to spend a fortune to get legal advice when you need it. Legal Services coverage offers a network of attorneys who can help with creating or updating a will, real estate matters, tax audits, document preparation, and more.

If you use a network attorney, you don't pay any fees, deductibles, or copays. For a complete list of network attorneys and covered services, go to <https://info.legalplans.com/Home/> (access code "aonexh") or call MetLife Legal Plans at 1.800.821.6400.

Legal Services is a voluntary benefit administered by MetLife Legal Plans. The plan covers colleagues and eligible family members.

## Things To Consider

When deciding whether to enroll in Legal Services, be sure to consider the following:

### Cost per Paycheck

If you expect to need Legal Services, the cost of coverage could be less than if you paid an in-network attorney directly. You'll be able to see the cost per paycheck when you enroll through UPoint at [upoint.aon.com](https://upoint.aon.com).

### Network

MetLife's national attorney network has more than 13,000 attorneys across all 50 states and U.S. territories.

### Your Personal Situation

Think about your expected legal needs. Do you plan to purchase, sell, or refinance a home? Do you need help preparing a will or trust? If you answered "yes" to either question, having Legal Services coverage could give you peace of mind.

# Identity Theft Protection

Victims of identity theft spend countless hours trying to sort out the damage.

Identity theft protection could help you catch fraud in its early stages through 24/7 monitoring of your personal and financial information. It can also help you act quickly to limit damage if your personal or financial information is stolen.

For more information, you can visit [members.excelsiorenroll.com/premier/](https://members.excelsiorenroll.com/premier/) or call 1.800.607.9174.

Identity theft protection is a voluntary benefit administered by NortonLifeLock. The plan covers all eligible family members. And you can drop coverage at any time during the year.

## Things To Consider

When deciding whether to enroll in identity theft protection, be sure to consider the following:

### **Cost per Paycheck**

You'll be able to see the cost per paycheck when you enroll.

### **Your Risk Factors**

While everyone has risk, some people are at greater risk than others. Have you used credit cards on unsecure websites? Do you make online purchases regularly? If you answered "yes" to either question, having identity theft protection could give you peace of mind.

# Auto and Home Insurance

It's your stuff. Keep it safe.

You can get special group rates and policy discounts on many types of insurance—including auto, home, condominium, renter's, and recreational vehicle insurance. Auto and home insurance is a voluntary benefit. You sign up for coverage directly with the insurance carrier. And you can add or drop coverage at any time during the year.

Go to UPoint at [upoint.aon.com](https://upoint.aon.com) for additional information and to enroll.

## Paying For Coverage

You can pay your premiums through convenient paycheck contributions or have them charged to a credit or debit card.

## Things To Consider

When deciding whether to enroll in auto and home insurance, be sure to consider the following:

### **Cost**

The cost for coverage depends on the insurance carrier, the type of policy you choose, and your location. You can get a personalized quote before you enroll.

### **Your Personal Situation**

Auto and home insurance offers policies to cover your possessions against damage and theft. And you may be eligible for additional discounts if you buy more than one policy from the same insurance carrier.

### **Flexibility**

Because you can add or drop coverage at any time, it's easy to make a change if the need arises.

# Pet Insurance

Pet insurance allows you to focus on your pet's health—not how to pay for it.

Pet insurance can help pay veterinary expenses for a sick or injured dog or cat. It covers a wide range of services with no annual or lifetime limits. There is not a network of providers—you can use any licensed veterinarian. Go [here](#) for a complete list of covered services.

You can add or drop coverage at any time during the year. Go to UPoint at [upoint.aon.com](https://upoint.aon.com) for additional information and to enroll.

## Paying For Coverage

You'll pay your premiums by credit or debit card.

## Things To Consider

When deciding whether to enroll in pet insurance, be sure to consider the following:

### Cost

Your cost of coverage is based on the type of pet, breed, and age. Before you enroll, you can get a personalized quote from Healthy Paws through the website above. Coverage is provided by pet. So if you have more than one, you can get a personalized quote for each.

### Your Pet's Needs

Does your pet need regular veterinary care? Are you paying a lot of money out of your pocket for veterinary care? If you answered "yes" to either question, having pet insurance could give you peace of mind.

### Flexibility

Because you can add or drop coverage at any time, it's easy to make a change if the need arises.

# Bill Negotiation Services

You don't have to be a health care expert when you have one in your corner.

Bill negotiation services puts years of health care and billing expertise to work for you. When you're facing a large bill from an **out-of-network** provider, negotiators are available to partner with you and your providers to make sure the amount billed to you is appropriate (which could reduce the amount you owe). In many cases, negotiators can help save you 20% or more.

Bill negotiation services is administered by MCA. You do **not** need to enroll for coverage. When you have a bill of at least \$300, you can sign up and get started at [www.medicalcostadvocate.com/aon](http://www.medicalcostadvocate.com/aon). Or, call 1.844.891.8981 for more information.

## Paying For Coverage

If you don't save any money through bill negotiation services, it's totally free. If you **do** save money through bill negotiation services, you'll pay 35% of your savings.

## Things To Consider

When deciding whether to use bill negotiation services, be sure to consider the following:

### It's Risk-Free

Because you only pay if negotiators save you money, you have nothing to lose—and a smaller provider bill to gain.

### Peace of Mind

Do you think you've been overcharged for health care services? Do you lack the time, expertise, and energy needed to successfully negotiate health care charges? If you answered "yes" to these questions, bill negotiation services could give you peace of mind.

### Provider Network

Bill negotiation services can save you money on large, out-of-network provider bills. Just remember, you will receive the highest benefit by using in-network providers. And [Health Pros](#) are available to help with benefits or billing issues.

# How to Enroll

Log on to UPoint at [upoint.aon.com](https://upoint.aon.com) to enroll in your benefits for 2021.

**Logging on for the first time?** From UPoint, register as a new user and follow the prompts to provide requested information and set up your username and password.

Following your enrollment, you may still need to take action. If you do, the required follow-ups will appear on a confirmation page.

There are also things you should do to set yourself up for success [after you enroll](#).

## Questions?

Start with the [Frequently Asked Questions](#) (PDF). When you enroll, customer service representatives will be available at Aon HR Service Center from 8:00 a.m. - 4:30 p.m. CT, Monday through Friday, to answer questions. Call **1.855.625.5500**. If you don't connect with a representative right away, you will be given the option to save your place in line and be called back once a representative is available.

# Actions After You Enroll

Now that you've enrolled, it's time to focus on the road ahead. And there are things you need to do **now** to use your benefits successfully when they take effect.

Here's your to-do list:

## Know How Your Prescription Drug Plan Works

Your prescription drug coverage is provided through your medical insurance carrier's pharmacy benefits manager, who sets the rules for how medications are covered. Don't be caught by surprise! Visit your carrier's website for information about your medications. And, check out the [Prescription Drug Transition Worksheet](#) (PDF) for tips and questions you may need to ask your carrier.

## Check the Formulary

A **formulary** is a list of generic and brand name drugs that are approved by the Food and Drug Administration (FDA) and are covered under your prescription drug plan. [Check with your carrier](#) to make sure your drug is listed on the formulary **before** you fill it. If it isn't, you'll pay more.

## Go Generic

Generic drugs meet the same standards as brand name drugs, but they **typically** cost less. And, because brand name drugs can be expensive, some carriers don't cover them **at all** if a generic is available. Ask your doctor if a generic drug is available for you.

## Mail-Order Setup

Mail-order service can save you a trip to the pharmacy and may reduce your costs. To set up mail order with a new medical insurance carrier, you'll likely need a new 90-day prescription from your doctor. Because mail-order can take a few weeks to establish, it's a good idea to ask your doctor for a 30-day prescription to fill at a retail pharmacy in the meantime.

Track your to-dos and get organized! Print the [Prescription Drug Transition Worksheet](#) (PDF).

## "Transition Of Care" Setup

Are you or a covered family member pregnant? Will you or your covered family member continue needing treatment for an ongoing medical condition?

If you will have a new medical insurance carrier and you answered "yes" to either question, you may be able to temporarily continue that care with your current provider once your **new** medical coverage begins. This is true even if your provider isn't in the new insurance carrier's network.

If you think this applies to you, [call customer service](#) at your **new** medical insurance carrier as soon as possible to ask for help with "transition of care."

Give your new insurance carrier information about your treatment and the providers you use today.

**Will you have a new dental plan?** Will you or your child(ren) continue receiving ongoing orthodontic treatment? [Call customer service](#) at your **new** dental insurance carrier as soon as possible to ask for help with "transition of care."

Track your to-dos and get organized! Print the [Transition of Care Worksheet](#) (PDF).

## Avoid Unexpected Out-Of-Network Costs

It's very important to know whether your doctor participates in your medical insurance carrier's network.

### You Could Pay a Lot More for Out-of-Network Care

Your medical insurance carrier could pay a much lower benefit if you see an out-of-network doctor—leaving you to pay the rest.

For instance, you will pay more through a higher out-of-network deductible and higher coinsurance. You'll also have to pay the entire amount of the out-of-network provider's charge that exceeds the maximum allowed amount, even after you've reached your annual out-of-network out-of-pocket maximum.

Each medical insurance carrier can determine its maximum allowed amounts for out-of-network providers. For example, among other ways, carriers may use what's considered "reasonable and customary" and/or a Medicare-based calculation to determine the maximum allowed amount.

#### Example

For example, let's say you will have an out-of-network surgery that costs \$5,000 and you will pay 45% coinsurance. The maximum allowed amounts could be different across carriers:

- If one carrier has a maximum allowed amount of \$2,000, you would owe 45% of \$2,000 and 100% of the remaining \$3,000, for a total of \$3,900.
- If a second carrier has a maximum allowed amount of \$3,000, you would owe 45% of \$3,000 and 100% of the remaining \$2,000, for a total of \$3,350.

## Take These Steps to Protect Yourself

If you *didn't* check your doctor's status before you enrolled or you want to look up a different doctor, do it *now*—before making an appointment with that doctor.

You can check the provider directory through UPoint at [upoint.aon.com](https://upoint.aon.com) or your medical insurance carrier's website.

**Important!** Do not rely on your provider's office to know the carriers' network(s). If you have any uncertainty or, for instance, you will cover out-of-area dependents, you need to call the insurance carrier to confirm whether a provider participates in a [carrier's network](#).

Even if you're keeping the same insurance carrier, the provider network could be different. **Always** check the provider directories before making a decision.

If your doctor is out-of-network and you still want to see him or her, check the cost with your doctor *before* you get care. Then ask your doctor to confirm the portion that will be covered by your medical insurance carrier and the portion for which you'll be responsible. That way you'll be prepared for any potentially significant costs.

## When To Expect New Cards

You'll receive a new ID card when you enroll for the first time or change insurance carriers or coverage levels. You'll use your ID card for medical and prescription drug needs.

**Note:** Many dental insurance carriers also issue ID cards. If you receive one, simply present it when you get dental care during the new plan year.

For questions about ID cards, [contact the insurance carrier](#). If you need an ID card immediately, go to your insurance carrier's website, register online, and print a temporary ID card.

## Contributing To An HSA?

If you enrolled in the Bronze, Bronze Plus, or Silver coverage level, you had the option to elect to contribute to an HSA.

If you decided to put money in an HSA for the first time, you'll receive a welcome letter and HSA debit card in the mail. If you decided to put money in your HSA and you've previously contributed to the HSA, you'll continue to use your existing Your Spending Account™ (YSA) debit card. New money added to your account will be accessible through your current debit card.

Your HSA debit card gives you instant access to your HSA dollars. When you get your debit card, sign the back of it and follow the instructions to activate it.

If you **don't** receive your HSA debit card, contact YSA at **1.855.625.5500** to request one be mailed to you.

### HSA vs. FSA: Which One Should You Use?

Heads up: If you enrolled in an HSA **and** a Health Care Flexible Spending Account (FSA), you will use the same debit card for **both** accounts. And YSA will automatically follow IRS guidelines on how to use each account. So when you use the debit card to pay for medical, dental, or vision expenses, the expense will automatically be deducted from the correct account.

Your HSA can be used for medical, dental, and vision expenses.

Your Health Care FSA will be "limited purpose" and can only be used to pay for eligible dental and vision expenses. However, once you meet the medical plan deductible, then it can be used to pay for eligible medical expenses as well.

If you currently have money in a Health Care FSA, use it before you begin contributing to your HSA. This includes any "grace period" that applies during a new plan year (generally before April).

## Transfer Existing HSA Balances

If you enrolled in the Bronze, Bronze Plus, or Silver coverage levels, you'll have access to an HSA.

If you currently have money in an existing HSA with a different administrator, you can still use it to pay for qualified health care expenses.

You may even decide to transfer your existing HSA funds to your new HSA. After all, why manage two separate accounts if you don't have to? Just remember that the sooner you do it, the sooner you'll be able to access all your money in one place.

# How to Get Care

When you get care, it helps to know what you can expect:

## Getting Care At The Doctor's Office

Present your medical ID card at your doctor's office to get discounted rates. Ask your doctor to file a claim with your insurance carrier and bill you after the carrier processes the claim.

### Have an HSA or FSA?

Don't present your debit card at the doctor's office—just your medical ID card! Wait to pay until you get your doctor's bill. Then, you can [pay with your HSA](#), FSA, or pay another way—it's your choice!

## Filling Prescription Drugs At A Retail Pharmacy

Present your medical ID card each time you drop off a prescription. If payment is due, you pay out of pocket. Or you can [pay with your HSA](#) or FSA if you have one.

## Know When You'll Owe

If your doctor bills services as preventive care or your medication is listed as preventive on the formulary, you'll owe nothing. For other types of covered services or non-preventive prescription drugs, you could owe a deductible, copay, and/or coinsurance.

## Remember: You'll Pay Less With In-Network Providers

You can check the provider directory on UPoint at [upoint.aon.com](http://upoint.aon.com) or refer to your [insurance carrier's website](#).

If a doctor is out-of-network and you still want to see him or her, check the cost with the doctor before you get care.

Then, ask the doctor to confirm the portion that will be covered by your medical insurance carrier and the portion for which you will be responsible.

That way, you'll be prepared for any potentially significant costs.

**Remember:** Not all options cover out-of-network care.

# Paying for Care

When you receive medical care, you choose how to pay your share of the cost. Follow these easy steps when it's time to get care:

## Step 1: Meet With Your Provider

Don't forget, you'll probably pay a lot less when you see in-network providers. You can check the provider directory on UPoint at [upoint.aon.com](https://upoint.aon.com) or refer to your [insurance carrier's website](#).

**Remember:** Not all options cover out-of-network care.

## Step 2: Present Your Medical ID Card

When you visit your doctor, hospital, or other health care provider, remember to show them your ID card so they know how to bill for the services they are providing you.

## Step 3: Review The Explanation Of Benefits (EOB)

An EOB is **not** a bill. It's simply a statement from your insurance carrier that shows when you got care and how much it cost.

It will show your provider's charges, the negotiated amount your insurance carrier agreed to pay, how much is covered (if any), and your payment responsibility.

Remember, if you haven't met your deductible, you could owe the entire negotiated amount. Keep the EOB for your records because you'll need it for the next step.

## Step 4: Review Your Provider's Bill

A provider's bill typically arrives in your mailbox after the EOB arrives. The amount you owe on your provider's bill should match what's on the EOB.

## Step 5: Pay Your Provider

You can pay your provider out of pocket. Or, you can [pay with your HSA](#) or FSA for eligible health care expenses.

# Paying With Your HSA

You can open an HSA if you enrolled in a Bronze, Bronze Plus, or Silver coverage level. When it's time for you to pay for care or prescription drugs, your HSA gives you options:

## Use Your HSA Debit Card

Just use it when you're ready to pay for qualified medical expenses. The funds will be taken directly from your account.

Make sure you only use the card for eligible expenses, and that you have enough money in your HSA to cover it.

Log on to UPoint at [upoint.aon.com](https://upoint.aon.com) to check your balance beforehand.

## Pay Out Of Pocket

If you prefer, you can pay for your expenses up front and pay yourself back through your HSA later. You'll log on to UPoint at [upoint.aon.com](https://upoint.aon.com) to transfer money from your HSA to your regular bank account. If you need help with this, contact YSA at 1.855.625.5500.

## Set Up Direct Payments

Another option is to have YSA make direct payments to your provider from your HSA. Log on to UPoint at [upoint.aon.com](https://upoint.aon.com) to set up direct payments.

## Eligible Expenses

You can find a complete list of eligible expenses at <https://www.irs.gov/publications/p502>.

Don't forget! If you use money from your HSA to pay for nonqualified expenses, you'll pay taxes on that money. You'll also pay an additional 20% penalty tax if you're under age 65. This applies to expenses such as child care, cosmetic surgery, health club fees, teeth whitening products, and vitamins.

## Keep Your Receipts!

Always remember to save your receipts when you make payments from your HSA, in case you need to provide proof of your eligible expenses to the IRS.

## Get Carrier Ratings

See how others have rated their health carriers on a variety of measures, such as customer service, network of providers, and online experience. These consumer ratings and specific comments are available at [upoint.aon.com](http://upoint.aon.com) during enrollment and throughout the year.

\* Your specific medical options are based on where you live. You'll be able to see the options available to you when you enroll. If you live outside the service areas of all the insurance carriers, you can choose an out-of-area option at the Silver coverage level. Aetna will be the insurance carrier. (Note: Coverage may be slightly different than the Silver option on this site. Refer to [upoint.aon.com](http://upoint.aon.com) for details.)

---

# Contacts

Customer service representatives at Aon HR Service Center are available from 8:00 a.m. - 4:30 p.m. CT, Monday through Friday, to answer questions. Call **1.855.625.5500**. If you don't connect with a representative right away, you will be given the option to save your place in line and be called back once a representative is available.

**Health Pros** are also available to assist with tough issues like claims and billing disputes.

## Questions About Coverage?

Start by contacting the **insurance carrier** directly. They know their coverage rules best.

If you enrolled in a Bronze, Bronze Plus, or Silver medical coverage level, check out the **HSA User's Guide** (PDF) for additional contacts during the year.

# Contact a Health Pro

Have questions about your claims or coverage? Start by contacting your [insurance carrier](#) directly. They know their coverage rules best and have the final say on all claims and billing disputes.

Sometimes you need more help than your insurance carrier can provide. If you have a billing issue, such as your provider charging you more than the amount your EOB says you owe, or you believe your plan covers more than what your Explanation of Benefits (EOB) shows, Alight Advocacy Services is available. Alight Health Pros are experts in handling claims and billing disputes and can work with you on your behalf to resolve issues. Find more information about Health Pros [here](#).

If you aren't satisfied with the resolution of a claim or billing dispute, you can file an appeal through your insurance carrier, who will be able to direct you through that process. Aon doesn't have any influence on the outcome. The insurance carrier—not Aon—is responsible for the cost of claims.

Have a large provider bill? [Bill negotiation services](#) may be able to save you 20% or more.

## Questions?

Don't worry. You have backups. When you face a billing issue:

1. Start with your insurance carrier.
2. Email a Health Pro at [AlightHealthPro@alight.com](mailto:AlightHealthPro@alight.com) or call **1.866.300.6530** if you need help.
3. File an appeal if you're unhappy with the final outcome.

# Get the Answers

Have a question? We've got you covered.

Start with the [Frequently Asked Questions](#) (PDF).

Wondering what something means? Check out the [Glossary](#).

Just want to talk to a real person? No sweat! Here's who to [contact](#).

# Glossary

Wondering what a term means? Find it here!

## Brand Name

A more expensive prescription drug for which there is an active patent. (A patent is a time-sensitive right to market a drug under a certain name.)

## Coinsurance

The percentage of costs you pay for eligible expenses after you meet the deductible.

## Coverage Level

A benefit level that determines how services are covered.

## Deductible

What you pay out of your own pocket before your insurance begins to pay a share of your costs. [How the deductible works](#) depends on your coverage level. Out-of-network charges do **not** count toward your in-network annual deductible. They only count toward your out-of-network deductible.

## EOB

Also known as an Explanation of Benefits. An EOB shows the claim filed by your health care professional, what was paid, and what your portion of the payment was or will be. Your insurance carrier provides the EOB. It's not a bill.

## Formulary

A list of generic and brand name drugs that are approved by the Food and Drug Administration (FDA) and are covered under your prescription drug plan. You should make sure your medication is on the formulary of the medical insurance carrier you choose.

## Generic

Medications that have been approved by the FDA as safe and effective. These medications contain the same active ingredients in the same amounts as brand name products. Generics may be different in color, shape, or size from their brand name counterparts. Your physician may substitute a generic for a brand name drug to save you money.

## Health Savings Account (HSA)

A special bank account that allows you to set aside tax-free money to pay for qualified health care expenses. These include your medical, dental, and vision copays, deductibles, and coinsurance.

## HMO

Health Maintenance Organization (HMO) options offer care through a network of doctors and hospitals. All of your care generally must be provided through the HMO network and coordinated through the HMO primary care physician (PCP) you select when you enroll. Except in emergencies, your care is usually covered only if it's coordinated by your PCP. There's no coverage for out-of-network care.

## Network

A group of health care providers that offer services to participants in a health plan at a negotiated, discounted cost. You'll save money if you use doctors inside your carrier's network.

## Out-of-Pocket Maximum

The most you have to pay for covered medical services in a year. Generally, it includes any applicable deductible, copayments, and/or coinsurance. [How the out-of-pocket maximum works](#) depends on your coverage level. Out-of-network charges do **not** count toward your in-network annual out-of-pocket maximum. They only count toward your out-of-network out-of-pocket maximum.

**Payroll Contribution**

The amount deducted from your paycheck on a pre-tax basis to cover your share of health care benefit costs.

**Pharmacy Benefit Manager**

The insurance carrier or third-party administrator who manages your retail and mail-order prescription drug benefit.

**PPO**

A Preferred Provider Organization, or PPO, is a type of medical plan that uses a network of physicians, hospitals, and other health care providers that have agreed to provide care at negotiated prices. You can also go to out-of-network providers, but you'll pay more.

**Preventive Care**

Annual physicals, wellness screenings, immunizations, well-woman exams, well-baby exams, and more. In-network preventive care is 100% covered without having to pay your deductible.

**Reasonable and Customary**

The normal charge made by a licensed practitioner in a specific area for a specific service. It doesn't exceed the normal charge made by most providers in the area where the service is provided.

**Traditional Deductible**

Once a covered family member meets the individual deductible, your insurance will begin paying benefits for that family member.

**Traditional Out-of-Pocket Maximum**

Once a covered family member meets the individual out-of-pocket maximum, your insurance will pay the full cost of covered charges for that family member.

**True Family Deductible**

The entire family deductible must be met before your insurance will pay benefits for any covered family member.

**True Family Out-of-Pocket Maximum**

The entire family out-of-pocket maximum must be met before your insurance will pay the full cost of covered charges for any covered family member.

# Newly Eligible for Benefits?

## Welcome!

Being new to the company, you have a lot on your plate. Enrolling in Aon benefits is one of those really important “to dos”—and shouldn’t take all that long.

For your 2021 benefits, you can start here:

- [2021 New Hire Reference Guide](#)
- [Quick Guide](#)
- [Enrollment Checklist](#)
- [Compare Costs](#) (use the access code provided in recent communications)
- [Medical](#)
- [Dental](#)
- [Vision](#)

## Make It Yours

Once you’ve done your homework, if you want coverage through Aon, you must enroll by your deadline. Otherwise, you won’t have medical and prescription drug, dental, or vision coverage through Aon for you and your family.

[Enroll now](#)

## Questions?

Check out the [Frequently Asked Questions](#) (PDF) for more details.

# Helpful Documents

Please use the following documents to assist you during enrollment and beyond.

## Helpful Documents during Enrollment

- [Click here](#) to download the Enrollment Tools Guide
- [Click here](#) to download the Quick Guide

# COBRA Coverage Options

If you have left the company, your COBRA enrollment notice has details regarding your options.

If you choose not to enroll by your COBRA enrollment deadline, you will not be able to enroll in COBRA coverage in the future. Also, once enrolled, you can make changes to your elections only during enrollment or following a qualified change in status.

You will receive additional information—including prices—once you lose access to health benefits through the company.

## Your COBRA Coverage Options

You can start by reviewing your [medical](#), [dental](#), and [vision](#) coverage level options.

You'll also want to review your [insurance carrier](#) options.

## How To Enroll

To enroll in COBRA coverage when eligible, follow the instructions on the COBRA enrollment notice mailed to you.
